About the Instructor: Jessica Davis, BS, CPDT-KA

Jessica Davis is a certified professional dog trainer and owns a mobile dog training business based in the San Antonio area. The business is named Affordable Dog Training. Jessica has had the pleasure of working with hundreds of pets and rescues over the past 6 years and she could not love it more. She has a passion for helping families and rescues give the best care to their pets both physically, mentally, and emotionally.

Jessica has a Bachelors in Fashion Merchandising and Business Administration from Texas State. She also has two Associate degrees from San Antonio College: Banking and Financial Services and another in Psychology. It helps her to understand dogs when you understand humans better.

Jessica was not always destined for dog training. In a previous life, she worked in banking. When she switched jobs, she had extra time on her hands and decided to start volunteering at a local shelter. That shelter started a dog training team, and I found my calling. It progressed from a volunteer to developing the volunteer program to teaching to starting the business.

Credentials:

Certified Professional Dog Trainer - Certification Counsel of Professional Dog Trainers
