(In partnership with Reyes Consulting)

### Eyewitness Evidence & Identification (#3286)

**Course Description:** Eyewitness evidence is critical to the apprehension and prosecution of criminals. Since 1989, DNA evidence has been used to exonerate nearly 200 individuals that were wrongfully convicted and imprisoned. Of those, approximately 75% were convicted on evidence that included inaccurate and faulty eyewitness identifications. Research has proven that a number of small changes to the identification process will help improve the accuracy and reliability of eyewitness identification, ensuring that the highest quality of eyewitness evidence is collected and preserved.

This course is designed to provide individuals with a knowledge and understanding of how the implementation of recommended protocols, or best practices, can improve the accuracy and reliability of eyewitness evidence

#### **Topics covered:**

- Reliable Eyewitness Evidence/Identification
- Field Identification Procedure
- Mugbooks and Composites
- Procedures for Eyewitness Identification of Suspects

#### **Per Code of Criminal Procedure Article 2.1386 (c)**

Each Law Enforcement agency shall require each peace officer who is employed by the agency and who performs eyewitness identification procedures to complete the education and training described by Subsection (b).

#### **Section (b)**

TCOLE shall establish a comprehensive education and training program on eyewitness identification, including material regarding variables that affect a witness's vision and memory, practices for minimizing contamination, and effective eyewitness identification protocols.

**Who should attend:** Texas Peace Officers

**Course information:**

**Host Agency:** McLennan Community College LEA

**Training Location:** Emergency Services Education Center, 7601 Steinbeck Bend Road, Rm 105, Waco, TX 76708. The training location is near the airport away from the main campus.
