CYBERCRIME INVESTIGATION CERTIFICATION COURSE (#3210)

THE CRIME SCENE IS NO LONGER PHYSICAL. IT'S DIGITAL.

40-HOUR ADVANCED DIGITAL INVESTIGATIONS TRAINING FOR TEXAS LAW ENFORCEMENT PROFESSIONALS

The digital landscape is the new frontier of criminal activity. This intensive 40-hour certification course is designed to transform Texas Law Enforcement professionals into certified cybercrime investigators, equipped to handle the complexity and pace of digital evidence. This training covers the full investigative lifecycle—from initial response and evidence seizure to advanced analysis and courtroom testimony. Participants will gain the specialized knowledge and practical skills required to successfully investigate, prosecute, and mitigate modern cyber threats.

WHY THIS TRAINING MATTERS

Cybercrime continues to impact Texas communities, businesses, schools, and government agencies at an unprecedented rate. From online fraud and financial crimes to child exploitation and digital evidence recovery, law enforcement professionals must be prepared to investigate technology-driven crimes effectively and lawfully.

PARTICIPANTS WILL LEARN HOW TO:

- ✓ Investigate cyber-enabled crimes
- ✓ Preserve and analyze digital evidence
- ✓ Conduct lawful online investigations
- ✓ Trace digital activity and online threats
- ✓ Identify hidden evidence on electronic devices
- ✓ Prepare cybercrime cases for prosecution
- ✓ Testify confidently in court regarding digital evidence
